Please contact your insurance company directly and request a Certificate of Insurance with the following (exact verbiage may vary per your insurance company): “The Franklin Institute, Stockton & Partners, Inc., and the City of Philadelphia, its officers, employees and agents are listed as additional insureds”. If an address is requested, please use The Franklin Institute, 222 N 20th Street, Philadelphia, PA 19103.

You will not be permitted to load in your exhibit until your COI has been submitted.

Carnival Exhibitor Registration FAQ

1. I know that registration opened on January 12, but when does it close?
The deadline to register as an exhibitor and/or vendor is April 3, 2015. We strongly advise, as space is limited, that you sign up as soon as possible to guarantee your spot and your activity.

2. What is the early-bird special and when does it end?
Early-bird registration allows exhibitors to register at a discounted rate. The special pricing begins on January 12 and ends on March 15 at midnight. As of March 15, all registration prices increase by 15%.

3. What if another group has a similar activity to the one we hope to provide?
Philadelphia Science Festival staff will work with all exhibitors to minimize potential overlap. The more detail we have about your plans early in the process, the easier it will be to avoid repeating the same activity in multiple locations. In the event that multiple groups submit the same activity, our staff will work with you to develop a different activity.

4. Why is there a fee associated with participation?
An event of this scale and magnitude involves many costs (including, but not limited to: permitting fees, police, road closures, and rental costs to provide exhibitors with the basic necessities on site). The exhibitor fee allows us to recoup some of these costs so that the Festival can be sustained year after year. We are aware that these costs may prohibit participation for some exhibitors and we would like to work with all groups to make entry possible. Contact Ellen Trappey at etrappey@fi.edu should you to discuss options.

5. What if it rains?
The Science Carnival is a rain or shine event so please be prepared for all types of weather. In an extreme case we will implement an inclement weather plan, which will be communicated to all via email.

6. What is included with each exhibit space?
Each registration will include the following:
- 8x10 tented exhibit space
- (1) 8 foot table
- (2) chairs
- (1) sign identifying your space

7. How many people have attended in the past?
In 2014, the Science Carnival drew more than 35,000 people. When preparing for the event, be sure to plan to serve a large audience. We ask that all exhibitors provide adequate staffing and materials to manage a crowd of this size. To estimate the amount of materials you may need, determine how many people your activity can accommodate in one hour and multiply by 6!
8. *Wait - I represent a large organization that will have many activities/exhibits at the Carnival. Do I need to fill out the registration application more than once?* Yes - be sure to complete the registration forms for each of the spaces/activities your organization will have at the Carnival.

9. *I've participated in the past – and was asked to phrase my exhibit title a certain way. Is anything this required again this year?* Yes - As in 2014, to promote the inquiry-based format of the program, we're asking that each exhibit again be phrased in the form of a question. For example, instead of "How Electricity is Created" it will be "How is Electricity Created?"

10. *Is there anything else we should consider before registering?* Yes! Be sure to watch the PSF How to Build a Carnival Booth video before you register. It's just five minutes long and will provide some really helpful tips that will be useful in developing your exhibitor space. Additionally, please review the list of questions we’re asking in the application in advance of beginning it. This will allow you to provide all of the information once you start the registration process.
